

# How do you care for yours?

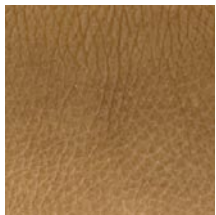

## The Dubarry Footwear Protection Range

### Dubarry Footwear Cleaner

- Aids in the removal of dirt and other residues
- Prepares leather for proofing and conditioning

Suitable for all types of leather

### Dubarry Footwear Protector Spray

- Conditions the leather restoring its original appearance and also offering water repellancy

Suitable for all nubuck and suede leather

### Dubarry Footwear Conditioner

- Restores a water repellent finish, offering high stain resistance

Suitable for smooth leathers

Love your Dubes\* ...and they'll love you back

### Use Footwear Cleaner

on all parts of the boot

### Apply Footwear Protector Spray

to the nubuck and suede leathers

### Apply Conditioner

to the smooth leathers

**IMPORTANT:** yard manure and waste liquids can be very corrosive to leather. To prolong performance and protection for your Dubarrys, always scrub them with fresh tap water after exposure.

\*The term "Dubes" comes from the sailing world where it is used as an affectionate abbreviation for "My Dubarrys"

### Dubarry Leather Cream

In addition to the other three care products described in this guide, Dubarry strongly recommends for well worn footwear, use of our **Leather Cream** in the **flex** part of the foot. This will help protect, preserve and soften the leather.
